*** Important Disclaimer / Please read before sending art:**

Though your supplied art may look fine full-sized on a computer screen, please consider how it may print when reduced to fit (1/8" high) imprint area. Ornate, fine scrolled or detailed fonts as well as complicated logos tend to fill-in or break up when reduced down to fit item. It is strongly encouraged to keep comb imprints as simple as possible on one line and avoid anything but the most basic of art when possible.

PLEASE KEEP IT SIMPLE FOR BEST RESULTS!
